

KBK Innovations, Inc • NEWS RELEASE

FOR IMMEDIATE RELEASE AND DISTRIBUTION

Mineral Wells, Texas May 16, 2008 – KBK Innovations, Inc located in Mineral Wells, Texas is proud to announce it has received final approval from the Small Business Administration, Washington, DC (SBA) that its HUBZone Application has been **APPROVED**. Application # 29297 for its main office and operation located at 103 S. Oak Ave STE 110 Mineral Wells, TX 76067.

“This approval is a very welcome recognition for KBKI, and will add to our continued success as a certified reseller of *AIMS*onScene™ ICS Software and other Incident Command applications,” says Ben Meche’ – President of KBKI, Inc. “We wish to thank all of the SBA, HUBZone, and our Texas staff who have provided assistance, direction, and support for this achievement.”

The successful approval of the HUBZone application comes after several months of hard work, diligent compliance efforts, and a variety of support and assistance from many entities. This approval will benefit not only KBKI, Inc in continuing to provide our product and services to many more federal, state, and local agencies, but will provide an avenue to help minimize and shorten the purchasing cycle for many agencies. KBKI, Inc has completed several contracts for several DOD, military, and federal installations since it began operations in Texas as a certified reseller of *AIMS*onScene™ from FieldSoft, Inc, of Chandler, Arizona in 2006. KBKI also presents other software and applications and will be adding more products in the near future. Please visit our website www.kbki.net for complete information, products offered, product demos, and additional products as they are added. Or contact Ben Meche’ directly at 480-205-6524 cell, 940-325-4777 office M-F 8:00 AM to 4:00 PM. Or email to bmeche@uwmail.com / kbki@att.net.
